

### Data Science for Decision Making Program Student List

The Data Science Methodology Program (DSM) at the Barcelona School of Economics (BSE) integrates key elements from Data Science and Economics to give graduates the ability to deal with all types of data and make the correct inferences from it. The master program includes the use of text as data. As part of their work on Master Thesis and Term papers **students will need to conduct research using Twitter data. This will require access to the Twitter API for academic research.**

I hereby certify that the following students are in the DSM program:

Dominik Johannes Wielath
Naila Sebastian Esandi
Alessandro Tenderini
Joule Voelz
Alessandro Ciancetta
Lenka Sefcakova
Irene Villalonga
